

MAKE HANDWASHING A FUN ACTIVITY instead of a chore.

Parents and children should wash their hands:

AFTER
sneezing,
coughing, or
nose blowing

AFTER
coming in
contact
with a sick
person

BEFORE
and **AFTER**
treating a
wound

AFTER shaking
someone's hand
or hugging
someone

AFTER
changing a
child's diaper

AFTER taking
out the trash

AFTER petting
an animal or
cleaning up
animal waste

WHEN your
hands are
dirty

AFTER touching
crowded
surfaces,
especially those
in public places

AFTER
using the
bathroom

AFTER
touching a
computer's
keyboard

BEFORE
preparing or
eating food
